

Szymon Oleśkiewicz

Student

I am a motivated engineering student of computer science at Military University of Technology with hands-on experience in Python, C and web development. I am eager to apply my technical skill in real-world projects, especially in machine learning and AI.

Languages

Polish – Native
English – C1

Experience

2025-07 – 2025-10 **Intern – Summer Student Program 2025**
Nicolaus Copernicus Astronomical Center of the Polish Academy of Sciences, Warsaw

Education

2023 - present **Computer Science**
Military University of Technology, Warsaw

Skills

Programming Languages Python, C, C++, Go, Java, Matlab
Web Develop HTML, CSS, JavaScript (NodeJS)
Tools & Platforms Microsoft Office, Git, Google Cloud, Azure
Soft Skills Teamwork, Active Learning, Communication
Other Machine Learning, Generative AI, Simulink

Certificates

2020-08 **First Certificate in English - Grade A**

Hobby/Interest

I love cooking and trying out new recipes, as it's a great way for me to both relax and be a little creative. I'm also really into gaming, especially strategy and open-world games, they help me unwind after a long day. Traveling is something I enjoy whenever I get the chance. In my free time, I like programming and tinkering at home, whether it's building small projects or just experimenting with new tools and ideas. Me and my colleagues frequently attend events such as hackathons to test our skills and explore new areas of IT.

Personal website

I hereby give consent for my personal data included in my application to be processed for the purposes of the recruitment process.
